BOURBON POST AMERICAN LEGION ORGANIZED.

With an attendance of about fifty out of 650 ex-service men of Bourbon county, a post of the American Legion was organized in Paris, Saturday night, under the name of Bourbon Post of the American Legion.

The meeting was held at the court house, and was called to order by Mr. William Collins, of North Middletown, who briefly stated the object of the meeting. Mr. Collins then introduced Mr. Victor Englehardt, of Louisville, who made a patriotic address, telling of what the American army did in Europe, and explained what the American Legion stood for.

The following officers were elected: Commander, Dr. J. A. Orr; vice-commander, Shirley Dalzell; adjutant, William Collins; financial secretary, Stanley Dickson; historian, Jos. Letcher; master-at-arms, Ray Ogden. The following were chosen to constitute the Executive Committee: Catesby Spears, chairman; Ernest Darnaby, James H. Lall, Frank Roche and Fennell Galloway.

William Collins and Hiram Roseberry were selected as delegates from the Bourbon Post to represent the organization at the State meeting to be held in Louisville. The Post contemplates holding a banquet at the Y. M. C. A. in the near future.

Judge James P. Gregory, of Louisville, who was to have been the principal speaker of the evening, was unable to come, and Mr. Englehardt was substituted. The charter for the Post was signed by all the ex-service men at the meeting.

TOBACCO NEARLY IN.

According to a well-posted Bourbon county tobacco grower, between ninety and ninety-five per cent. of the tobacco in the county has been cut, and the work will be finished within the next few days. The early tobacco is generally of a good quality, but the growth has damaged the late crop. Some of the late crop, however, is showing up well.

Although there is a material increase in the tobacco acreage this season, there will be a decrease over last year in the yield, said our informant.

COUNTY ROAD COMMISSIONERS ORDER WORK BEGUN.

John T. Collins, Catesby Spears, Sam Clay and Sam Houston, county road commissioners, held a meeting, pursuant to a call from the Bourbon Fiscal Court, and ordered work on the county roads to be started at once.

The Court gave the commissioners full authority to order ditching begun on the turnpikes, and keeping three rock crushing plants at work as long as the weather will permit. One of the crushers is to be used in rebuilding the Hutchison and Bethlehem pike, another is at work on the Millersburg and Cynthiana pike, and the third is located near East Paris, which will supply the rock for all roads out of Paris for a distance of five miles.

The commissioners were appointed by the Fiscal Court as an advisory board in the ten-year program of re-building the entire 340 miles of macadam roads in the county, including necessary bridge repairs. This will entail an expenditure of \$1,800,000. The commissioners will have control of disbursements of the funds.

ELECTION FOR SCHOOL TRUSTEES SATURDAY.

An election for the purpose of selecting trustees for the school districts of Burris, Bethlehem, Center Hill, Clay's Cross Roads, Deaver, Escondida, Houston, Hutchison, Kiserston, Letton, Spears Mill, Stony Point and Tarr schools will be held next Saturday, October 4.

The election will be held in the afternoon, between the hours of one and five. White women over twenty-one years of age, and who can read and write, are eligible to vote in this election, as well as the qualified male voters.

SOLDIER BOYS ENTERTAINED

The ex-service men of North Middletown and vicinity were tendered an enjoyable banquet last night in the school building by the ladies of the North Middletown Christian church. Appropriate addresses were made by Rev. Cauble, Rev. F. M. Tindler and several of the returned soldiers and sailors. The banquet was served in the usual royal style in which the ladies of the church have learned to excel. The building was comfortably filled with the families of the ex-service men, who had been specially invited. A musical program was rendered.

BOURBON DEMOCRATS EFFECT ORGANIZATION FOR CAMPAIGN

At a meeting of the Democrats of the county, held in the court house in this city, plans for carrying on the campaign for the State election in November and rolling up an old-time majority for the Democratic candidates, were perfected. The meeting was presided over by Sheriff Will G. McClintock, County Clerk Pearce Patton acting as secretary.

Chairman McClintock briefly stated the object of the meeting, after which speeches were made by Judge Denis Dundon, John J. Williams, Jas. M. O'Brien and James H. Thompson. Precinct captains were named for each precinct in the county, each one being given authority to name a committee of five workers. Four bureau speakers were appointed, Judge Denis Dundon, E. M. Dickson, Judge George Batterton and John J. Williams.

During the campaign speakers of State and National reputation will make a number of speeches through the county, in the interest of the State ticket. During the last ten days of the campaign local speakers will address the voters at different points in the county. A poll of the county is now being taken by the campaign workers.

POPULAR MAN TO MOVE TO GEORGETOWN

Mr. J. W. James, familiarly known as "Billy" James, who has been connected with the Paris Gas & Electric Co. for several years, has severed his connection with that corporation. Mr. James has accepted a position as electrician with the Georgetown Electric Light, Gas & Power Co., and, with his family, will move to Georgetown about October 1, to assume his new duties.

During his residence here Mr. James made a host of warm friends, who will regret his departure from Paris. He is an expert electrician, and in that capacity rendered excellent service to the Paris company and its patrons. He came here from Georgetown, where he had been in the employ of the Georgetown concern, to whose service he again returns. THE NEWS wishes him continued prosperity in his new position.

BARBER'S QUICK ACTION SAVES CHILD FROM INJURY

Through the quick action and good judgment of Lucien Johnson, colored, barber and trainer of thoroughbreds, the three-year-old daughter of Mr. W. B. Cooper, of the county was saved from injury and probable death.

Mr. Cooper left the little girl in his auto while he stepped across the street on a business errand. He failed to apply the brake on the machine, and also left the engine running. The machine gave a sudden lurch and started across the street, headed for the barber shop where Johnson was employed. Seeing the child's danger Johnson ran to the rescue and climbing on the running board, snatched the tot from the machine just as it crashed into the big pole in front of the shop.

ALLEGED BURGLAR HELD OVER.

William Reynolds, the cripple, who was arrested by the Covington police on a charge of being implicated in the recent robbery of the Mitchell & Blakemore store, in this city, had a hearing before County Judge George Batterton, Friday.

Notwithstanding the fact that Reynolds had previously made a confession, in which he detailed at length his connection with the burglary, he entered a plea of not guilty, and waived examining trial. Judge Batterton placed his bond at \$1,000 to insure his appearance before the grand jury at the November term of the Bourbon Circuit Court. Failing to furnish this Reynolds was taken back to the county jail to await trial in November.

METEER FARM SELLS FOR TOTAL OF \$81,000.

Another big real estate deal was consummated yesterday afternoon, when the 195-acre farm belonging to Mr. Robert Meteere, located on the Paris and Lexington pike, near Muir, was sold in four tracts, for a total of about \$81,000, an average of \$415 an acre. The sale was conducted by Bond & Buckley, the Versailles real estate men.

Tract No. 1, containing 69 97-100 acres, fronting on the Lexington and Paris pike, was sold to Mr. Luther Rice, for \$465.50 an acre. This tract has forty-three acres in bluegrass, twelve acres in tobacco and fifteen acres in corn, the improvements consisting of a 20-acre tobacco barn and a circular stock barn with thirty-two stalls. Tract No. 2, comprising 37 87-100 acres, without improvements, was purchased by Mr. Wm. Smith, of Fayette county. Tract No. 3, comprising thirty-five acres, with twelve acres in bluegrass and the remainder in cultivation, and having improvements in the shape of a forty-room abattoir, office building and stable, was sold to Mr. Omar B. Lloyd, of Fayette county, for \$395 an acre. Tract No. 4, containing 52 25-100 acres, was sold to Mr. Luther Rice for \$361.50 an acre. This tract has on it splendid improvements consisting of a four-room dwelling and part of a large circular stock barn.

Two years ago Mr. Meteere bought this body of land for a total of \$51,730.91. This sale at a total of \$81,000 gives him a handsome profit of \$30,000, besides having had the use of the land for two years.

SLIGHT AUTO ACCIDENT.

So far as we have been able to learn Sunday passed in this section without an automobile accident having to be recorded. But on Saturday afternoon there was a slight collision at the corner of Main and Broadway that might have resulted seriously, but for the providential interference of an emergency brake well applied.

A big machine, said to have been driven by a Lexington woman, crashed into a Bourbon county owned machine near the Paris Water Co.'s office. The big machine was coming down Main street at a fairly good burst of speed, when the other machine turned the corner at the same time. The occupants saw the impending danger and the brakes were applied, but too late to avert a complete miss. The bumper of the Paris machine was torn off, and the fender of the Lexington machine damaged. The occupants of both machines escaped injury, but were considerably frightened. The streets were crowded with vehicles at the time, and it is a miracle that the accident did not have serious consequences.

THE WAY OF THE TRANSGRESSOR!

James Johnson, hailing from the airy precincts of London, Ky., where the very air is redolent of freedom and moonshine, came Paris, Friday, on a sight-seeing expedition. Johnson, however, was in a peaceable community, and forgot to leave his heavy artillery at home. He was taken in custody by Patrolman Geo. W. Judy on a charge of carrying concealed a deadly weapon. He was taken before County Judge George Batterton, who gave him a fine of \$50 and a jail sentence of ten days.

EX-SERVICE MEN DELIVER INTERESTING ADDRESSES

Mr. R. C. Watson, who spent one and one-half years in the service overseas, addressed a large and appreciative audience at the Y. M. C. A. gymnasium, in this city, at three o'clock Sunday afternoon. Mr. Watson took for his theme, "What Our Soldiers Did In France After the Armistice; Calling Things By Their Right Name." His address was a highly interesting one and commanded the undivided attention of his audience.

Mr. Watson was located at the great port of Liverpool. The Y there occupied a four-story building formerly used for a hardware store. In addition to furnishing a program of entertainment every night, the Y acted as banker for the soldiers and sailors, exchanging their money, sending money home, furnishing writing material, beds, athletic equipment and serving meals from 5 a. m. to 12 p. m. Fifteen thousand meals were served daily.

In reply to criticisms of the Y work overseas, Mr. Watson called attention to the fact that at times the Army was unable to get food up for 24 to 48 hours to the soldiers in the advance positions. He also called attention to the difficulty the army had in getting mail to the soldiers. It is stated that at one time 200 carloads of soldiers' mail had accumulated in the camp postoffices in France.

Mr. Watson lamented the fact that a few of the Y secretaries overseas had failed to measure up to the opportunities for serving the boys, but stated that in no instance were these men regular Y. M. C. A. secretaries, but men recruited for the special work.

At the Christian Church, Sunday night, E. P. Bradstreet, Jr., of Cincinnati, addressed a crowded house on the subject of "The Miracle of the Great World War." Mr. Bradstreet is an ex-service man and a former newspaper man. He was introduced to the audience by Rev. J. Taylor Sharrard. His address was a brilliant one from every standpoint, impressing his hearers with a sense of his earnestness and knowledge of conditions in Europe after the war. The choir of the church rendered an appropriate musical program, and Mr. A. L. Boatright sang a solo.

Mr. Bradstreet was a guest of Mr. Fennell Galloway during his stay in Paris. He returned to Cincinnati yesterday to resume his pre-war duties as Publicity Director of the Cincinnati Chamber of Commerce.

Through the Paris Realty Co., Mrs. George W. Stuart sold to Mrs. A. E. Dunnington, the brick garage building, on Tenth street, for a price not given out for publication. Through the same company, Mr. Edward Stump sold to Mrs. Mattie Fennell, his two-story home, on Henderson street, for a private price. Mr. Stump afterward purchased of Mr. George Broderick, a cottage on Vine street for \$1,600.

CORONER HAD INQUEST IN JNO. WEBB CASE.

The Coroner's investigation of the circumstances attending the death in this city last Tuesday of John H. Webb, an employee of the Cumberland Telephone Co., who was electrified while handling a live wire on a pole at the corner of Main and Second street, was held Saturday.

Coroner Rudolph Davis summoned a jury and conducted the inquest at the court house. The jury, composed of Roy Batterton, foreman, E. W. Woodward, C. C. Hadden, Chas. V. Higgins, John Chisholm and James S. Ginn, heard the evidence, but made no recommendations in their verdict, which was to the effect that the unfortunate man came to his death from contact with a high power electric current.

This is the second sudden death from the same cause in Paris within a year, the other being that of Mrs. Henry C. Curtis, who was instantly killed by coming in contact with a live wire on a pole on Third street.

PROCEEDINGS OF PARIS CITY COUNCIL.

The Paris City Council met in its regular semi-monthly session, Thursday night, in City Hall, and disposed of a number of matters which had been brought to the attention of the councilmen.

Mr. J. A. Stewart, a civil engineer, who had been instructed to inspect the condition of the newly built sanitary sewer in the valley east of the L. & N. R. R., from Stoner Avenue to the Clintonville pike, made his report during the session.

He said that he found that the pipe joints admitted an excessive flow of surface water, which condition would have to be remedied to make the sewerage satisfactory. He also reported that at certain points the elevation was not sufficient to carry away the refuse and might result in a very unsanitary condition. It was also stated by the engineer that the trenches should be leveled and surplus material be removed.

The Councilmen acted upon his report and instructed the City Attorney to notify Mr. D. A. Sant, of Louisville, and his bondsman, that the conditions mentioned in the report must be remedied. The City Clerk reported that there was due Mr. Sant a sum of \$2,506.07, which the Council decided to hold until the repairs had been made.

An ordinance was passed authorizing bids for the repair of Main Street from Tenth Street to Bank Row, to be done of bituminous material, similar to the material used when the streets were constructed.

A resolution was offered that certain streets in White Addition, the property of the city, be closed and sold, the proceeds of the sale to be turned over to the city treasury. The motion was referred to the Improvement Committee, with instructions to report at the next meeting of the council.

CHARLEY GANO COMING WITH COBURN MINSTRELS.

The coming of this clever comedian and master funster, together with the corps of fun-folk singers, dancers and headliner acts, with which he is always surrounded in J. A. Coburn's Minstrels, is announced for Monday, October 6, at the Paris Grand Opera House. The temperament aloofness and ridiculous reserve affected by some performers is absolutely foreign to Gano, who is quite cordial and radiates friendliness on and off the stage. In his position of Stage Manager with absolute authority and congeniality is emphasized, he is popular with the men under him. "Do you have much trouble with your men on the road," was asked of Manager Coburn. "No, I'm too busy, and Gano is their pal," was the reply. Harmony the policy, effectiveness and success the result. Everything new, everything better every season is the effort of these well-known minstrels. This year's show is said to be the best in its history and the scenic opening number "Farewell America," the last word in ensembles.

Some Paris People Have Learned That Neglect is Dangerous.

The slightest symptom of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Doan's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Paris testimony.

Burley, 329 Eighth St., says: "I have used Doan's Kidney Pills, getting them from the Ardery Drug Company, and from the benefit I received, I certainly think they are a good, reliable remedy. Whenever my kidneys have acted irregularly or my back has been weak and lame, I have used a box or so of Doan's Kidney Pills—the same that Mrs. Burley had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Having engaged in other business, and desiring to retire from farming, I will positively sell to the highest and best bidders, on the above date, my farm, containing 170 acres of excellent land, and my two-story brick residence on Duncan Avenue, in Paris. Both sales will be conducted on their respective premises on the above date. FARM SALE COMMENCES AT 10:30 A. M. CITY RESIDENCE SOLD AT 2:30 P. M.

This Excellent Farm

containing 170 acres of splendid land, is located $3\frac{1}{2}$ miles southeast of Paris, on the Clintonville pike, and has thereon a three-room frame cottage; a practically new combined stock and tobacco barn with a capacity of 10 acres of tobacco. This barn is one of the best structures in the Blue Grass region, the basement being sufficiently large to feed 200 head of cattle, the barn being erected especially for that purpose, and stands on a native stone foundation. Attached thereto is a concrete silo with a capacity of 280 tons. There is in this barn a never-failing well that will water 200 head of stock in the driest weather. Another nearly new tobacco barn on this farm has a capacity of 12 acres of tobacco.

This is one of the most desirable small farms in the county, has a never-failing supply of water for man and beast from pools and cisterns, and is under good fence. The locality is an ideal one, being surrounded by excellent neighbors, close to Paris and on a good macadam road. Gerdra Station, on the L. & N., is located in the rear of the place.

This is certainly a fine body of land and now has under cultivation 30 acres of corn, 12 acres of sorghum, 20 acres in rye, 40 acres of clover and the remainder in old bluegrass sod, every acre of which is fine tobacco land.

This farm must be seen to be appreciated, and prospective buyers should not overlook this opportunity to secure this very desirable close-in suburban home, near the best town in the South.

The Stately Residence

is located on Duncan Avenue, in Paris, and is one of the best built two-story brick houses in this city. The house was erected by the late Mr. Jerry Duncan as a home for his daughter, Mrs. J. K. Ford, and everything entering into the construction of this structure was built only of the best and most dependable materials.

Only recently this house has been newly papered, painted and put in excellent condition. There are 10 large rooms, two halls, well appointed bath room tiled. All floors in the house laid with quartered oak. New and up-to-date brass electric fixtures with the inverted light effect throughout. Has good dry cellar with concrete floor, hot air furnace and the reliable Pittsburg instantaneous heater in the cellar always assures an unlimited supply of hot water throughout the house at all hours. Every room is equipped with gas grates.

The lot has a frontage of 100 feet on Duncan Avenue, the very best residence street in Paris, and has a depth of 237 feet. There is a garage and stable on the premises, besides the large garden and spacious front, side and back yards.

This is certainly an up-to-the-minute modern home, located as it is in the very best neighborhood in Paris, and prospective purchasers should call and inspect this excellent property before the day of sale.

THE TRAIL OF THE LONESOME PINE.

Those who have read John Fox, Jr.'s widely read book, "The Trail of the Lonesome Pine," and had their minds flooded with sunshine as they followed June along the lonely trail to the rugged, gaunt, lonesome pine that guarded Lonesome Cove, will be lost in happy bewilderment as they strike the same trail hewn by Eugene Walter in this splendid production.

While John Fox, Jr., let us trace the life of June in the written page, Eugene Walter leads us, as it were, gently by the hand, and we follow Jane Ware, who impersonates the wild mountain girl with deep sympathy and with a most delightful manner, above, beyond, the purple tops of the Cumberland Mountains, into the realms of romantic love. The management have struck a joyous keynote of coloring in the beautiful scenic embellishment they have lent their production, for not only does painter and author charmingly interweave their conception of scene and action, but they have given on the stage a truer interpretation of the primitiveness of the denizen of the Virginia Hills, than one could possibly believe from the printed pages of Mr. Fox's delightful narrative.

Jane Ware, barefooted in the character of June, garbed in the ragged homespun dress of a rough mountaineer's daughter, foreshadows from the first the greatest of the miracles of childhood, the dawn of love and true womanhood, but the shadow of jealousy is thrown across the trail, when Dave, who hopes to marry his cousin June, watches in sheer desperation the awakening of her love for Jack Hale. "The Trail of the Lonesome Pine" will appear at the Grand Opera House to-night.

LOCAL MAN APPOINTED SUPERVISOR OF BIG WORKS.

Acting for the Kentucky Conference Epworth League, Mr. Dennis V. Snapp, President, recently accepted from the Centenary Bureau of Specials at Nashville, Tennessee, the responsibility of erecting a Work Shop and Equipment in Africa at a cost of \$5,000 and assisting in building an Industrial Plant at Paine College, at Augusta, Georgia, to the extent of \$2,500.

The Epworth League organization of the Kentucky Conference was assigned the sum of \$7,500 as its part in the Centenary Campaign. At its last session in Winchester the Conference accepted the allotment and \$2,500 in addition and directed that this sum be applied to Missionary Specials: \$5,000 for the home field and \$5,000 for foreign work in Africa.

The Conference in its recent assembly passed the following resolution:

"Whereas, The Kentucky Conference Epworth League has been apportioned the sum of \$1,500 per year or \$7,500 for the five years, for the Centenary, we therefore resolve, 'First, That we assume some Special toward which to direct our pledge, such as the building of a hospital, to be known as 'The Kentucky Epworth Hospital.'"

In case the hospital could not be secured, the Conference voted that some other building special be assumed and authorized Mr. Snapp to accept same as Conference President. With the acceptance of the above the Leagues of Kentucky will expend \$10,000 in Missionary Work in the next five years as follows:

Work Shop and Equipment in Africa \$5,000.

Assisting in erecting an Industrial Building at Paine College, Augusta, Georgia, \$2,500.

Maintaining Kentucky Mountain Kindergarten School, \$2,500.

—Rev. Arthur Fox, of Hope, Arkansas, filled the pulpit at the Paris Baptist church at the morning and evening services. Rev. R. C. Goldsmith, having accepted a call to the pastorate of the Mt. Sterling church, the Paris church is left without a pastor.

—Rev. C. H. Greer occupied the pulpit at the Paris Methodist church Sunday morning and evening. The day was observed by the Sunday school as Teacher Training Day, when all pastors were requested to preach on and emphasize Christian education and the necessity of organizing teacher training classes.

—Sunday was observed in all the Presbyterian churches and Sunday schools by exercises having as their object emphasis of the importance of the Bible in the individual life, in the home, and in the nation. The work of the American Bible Society in the distribution of the Scriptures throughout the world was also emphasized.

—A revival meeting began at the Christian church in North Middletown, Sunday, conducted by Evangelist C. W. Cauble, of Indianapolis, and the pastor of the church, Rev. F. M. Tindler. Mr. A. L. In Baptist churches the day will also be observed as Baptist Young People's Union Rally Day.

BOURBON FARMING CONDITIONS.

Owing to the dry and favorable weather Bourbon county farmers are getting their tobacco in the barns and corn in the shock. The early cut tobacco has cured nicely and will soon be ready for early stripping. It is colorful, sound, but light in weight and texture. Much tobacco was put in the barns the past week, some of which was cut a little green, the farmers seemingly being apprehensive of an early frost. It is estimated that there is but about five per cent. of the crop yet uncured.

Ground is being made ready for wheat. The crop seeded this year will be light, about one-fourth of that of a year ago. Fully as much rye as wheat will be sown. Corn is going into the shock in fine condition. Cutters are being paid twenty-five to thirty-five cents a shock. Farmers are filling their silos and storing up the feed.

Livestock is moving more freely, due more to a shortage of grass than to the price. Farmers have been forced to sell in many instances. More rain is needed to stimulate the grass and give water to the stock. Caywood & McClintock shipped a carload of 1,000-pound butcher cattle, and a mixed load of sheep and lambs that cost from eight to eleven cents per pound. The same firm sold three hundred head of Western blackfaced ewes to different farms at \$17 per head.

ATTENTION, KNIGHTS OF PYTHIAS.

HOW IT WORKS HERE.

A few days ago a well-known ex-Parisian, who had been revisiting the scenes of his childhood in this city, and attending the Lexington races, returned to his home in Chicago, after having had a most delightful visit here. On his return he met a number of former Paris people in one of the reconstructed Chicago cafes, where soft drinks now take the place of liquid refreshments that were once dispensed over the counter. He was asked how things were down in "dear old Paris." After detailing all the local happenings he could think of he was asked by one of the party:

"How are our old friends in Paris taking prohibition?" He replied, "Why, just the same old way—out of a bottle." One of the listeners expressed astonishment. "Why, you don't mean to tell me that you can still get booze down there, do you?" "Why, of course," replied the returned one. The next question was, "Are the bootleggers numerous?" Our old friend replied, "Numerous! Why, they are so thick they have to wear badges so they won't lose time trying to sell to each other."

DEATHS.**GAMES.**

—Mrs. Leo Games, aged seventy-two, for many years a resident of Mt. Sterling, died Saturday morning at the home of her son, Mr. Elmer Berry, in Sharpsburg, after a short illness, due to a complication of diseases. Mrs. Games was a frequent visitor many years ago at the home of the late Mr. and Mrs. W. A. Hill, on Pleasant street, and is pleasantly remembered here for her many womanly qualities.

Mrs. Games is survived by two sons, Elmer Berry, of Sharpsburg, and Wm. H. Berry, of Louisville. The funeral was held at the residence of Elmer Berry, in Sharpsburg, Sunday afternoon, at two o'clock, with services conducted by Rev. Clyde Darste, pastor of the Mt. Sterling Christian church. The burial followed on the family lot in Macpelah Cemetery, in Mt. Sterling.

CLAY.

—Mr. George Clay, aged seventy-five, a well-known farmer of this county, died at his home on the Winchester pike, near Paris, Sunday afternoon after a long illness, due to general debility. Mr. Clay has been an invalid for several years, most of the time confined to his home.

Mr. Clay was a son of the late Henry and Mary Chadwell Clay, who resided during the larger part of their married life at the old Clay home, on the Winchester pike. He had been engaged in farming, and until the past two years had been actively engaged in that occupation.

Mr. Clay is survived by one sister, Miss Letitia Clay, one brother, Mr. Joseph Clay, two nephews, Mr. Frank M. Clay, of this city, and Mr. Henry Clay of Lexington, and one niece, Mrs. H. Clay Howard, of Paris. The funeral will be held at the family home at ten o'clock, this (Tuesday) morning, with services conducted by Rev. J. J. Gilbert, of Winchester. The burial will follow in the old Clay burying ground near the home.

PRESIDENT'S TRIP CANCELLED BY ORDER OF PHYSICIAN.

WICHITA, KAN., Sept. 29.—President Wilson has canceled the remainder of his tour under orders from Admiral Cary T. Grayson, the President's physician, and began his return trip direct to Washington, arriving Sunday morning.

Admiral Grayson gave illness and physical exhaustion as the reason for his action.

Although he said there was nothing critical about the President's condition, Dr. Grayson declared a nervous reaction affecting his digestive organs made suspension of his trip imperative.

Mr. Wilson was ill most of last night and the decision to return at once to the capitol was reached just before his train arrived in Wichita. The President himself wanted to continue his speaking program, but Dr. Grayson would not permit it.

PUEBLO, COL., Sept. 29.—Reducing his fight for the peace treaty to a direct issue of acceptance or rejection, President Wilson clearly invited the Senate to make a definite and unmistakable stand one way or the other.

Then he was taken to the Memorial Auditorium, where he spoke to a large audience.

After declaring it was his duty, as Chief Executive, to judge whether the Senate's action constituted acceptance or rejection, if reservations were incorporated in the ratification, the President added a warning that he did not consider "qualified adoption" as adoption in fact. He said, however, that he saw no objection to mere interpretations.

Mr. Wilson reiterated that the whole controversy had resolved itself into a clear-cut question of whether the United States should go into the League of Nations or stay out. It was time, he said, that the nation knew where it was to stand.

Meanwhile, White House officials in the Presidential party permitted it to become known that the proposed reservation the President quoted at Salt Lake City and Cheyenne and which he announced he would regard as a rejection of the treaty, was one that he had been informed was agreed on by several Republican Senate leaders.

They did me a world of good and I will always speak a good word for them." (adv-sept)

—The protracted meeting at the Presbyterian church will open at 7:30 p. m. to-day, and will be conducted by Dr. J. Armstrong, who will have charge of the music, which will be an important factor in this meeting. The meeting will continue through October 13. Dr. Thacker's dates are so numerous that it will be impossible for him to remain with us longer. Let everybody take this opportunity and begin with the beginning of the service. INTERESTING OIL NOTES

Activity in the oil fields is more or less centered now in Allen, Warren, Barren and Monroe counties, where a number of good wells are constantly being "brought in." Parks and associates, a syndicate of Bourbon county men, are now drilling their number one well on their lease in Allen county, across the river from the Moulder Wells. The Greater Kentucky Petroleum Company, which has a large number of stockholders here, has let a contract for a well on its holdings in the field south of Scottsville, Allen county. This lease is close up to production and a great amount of interest is manifested in the drilling of this well. Mr. Fred Clark, formerly interested in the Louisiana and Texas fields, is managing the Allen county operations of this company.

IDEAL FALL WEATHER

This section of God's footstool has been greatly blessed in the way of fine weather in the past few days. Ideal weather conditions for fall have prevailed though the drought has been a serious matter for the farmers to contend with. In the matter of weather, though, everything has been as near perfect as could be. Warm, bright sunshine has contributed to drive away all kinds of "blues," including the alcoholic, and pleasure-seekers have taken advantage of the conditions to get better acquainted with old Mother Nature. All in all, it has been a fine beginning for fall, with a prospect for "Indian Summer" bringing up the rear with a continuance of the same. For all of which we are duly thankful.

FARM MEETINGS CLOSED.

The last of the Farmer's Community Meetings held in Kentucky this season, closed at Louisa, on the Big Sandy, September 20.
